"For millions of years mankind lived just like the animals. Then something happened which unleashed the power of our imagination: we learned to talk... It doesn't have to be like this. All we need to do is make sure we keep talking."

Pink Floyd - Keep Talking - The Division Bell
"Speech has allowed the communication of ideas. Enabling human beings to work together to build the impossible. Mankind’s greatest achievements have come about by talking. Our greatest hopes could become reality in the future. With the technology at our disposal, the possibilities are unbounded. All we need to do is make sure we keep talking"
